

**Title:**

Erika Abramson, MD MSc
Professor of Pediatrics and Population Health Sciences

Brief Bio:

Dr. Abramson is a Professor of Pediatrics and Population Health Sciences at Weill Cornell Medical College and is board certified in Pediatrics and Pediatric Hospital Medicine. She received her B.A. from Yale in 1999, her M.D. from New York University School of Medicine in 2003, and her M.Sc. from Weill Graduate School of Medical Sciences of Cornell University in 2009.

At Weill Cornell, she serves as the Associate Program Director of pediatric graduate medical education, Associate Vice Chair of Health Equity and Medical Education Research, PI of the Empire Clinical Research Investigator (ECRIP) fellowship program, and the Assistant Dean of Education Research, Outcomes, and Innovation. A local and nationally recognized expert and innovator in medical education, Dr. Abramson's research and education focus is on promoting scholarly activity among trainees. She spent much of her early career conducting health services research focused on adoption and use of health information technology and health information exchange to improve patient safety. She holds numerous local and national leadership positions, including Co-Director of the Academic Pediatric Association's (APA) Research Scholars Program and is on the APA's Research Executive Committee. Dr. Abramson has published over 90 peer-reviewed articles, written 16 reviews and book chapters, been an invited speaker at over 25 regional or national meetings, and has led 30 national workshops. She also has received 7 teaching and mentoring awards, including 2 highly prestigious awards from the Association of Pediatric Program Directors (APPD) for extraordinary contributions to mentorship activity in the last 5 years and the Walter W. Tunnessen Jr. Award for extraordinary or innovative contributions in pediatric graduate medical education at the national level.
