

Sally Evans, MD
Chief, Rehabilitation Medicine
Children's Hospital of Philadelphia
Professor, Clinical Pediatrics
Professor, Physical Medicine and Rehabilitation
Perelman School of Medicine
University of Pennsylvania

Dr. Evans is a pediatric physiatrist with more than 30 years of experience in the field. She is the Chief of the Division of Rehabilitation Medicine as well as the Medical Director for the Center for Rehabilitation at the Children's Hospital of Philadelphia and a Professor of Clinical Pediatrics and Physical Medicine and Rehabilitation at the Perelman School of Medicine at the University of Pennsylvania. Her clinical expertise spans the field of pediatric rehabilitation medicine; she has published widely about topics including tone management, neuromuscular rehabilitation and rehabilitation robotics. Her international work includes presenting at conferences in the United States and Canada as well as in Europe, China and the Gulf States. In conjunction with colleagues at Children's National Medical Center, she holds a patent for a robot to increase strength, range of motion and motor control of the foot across the ankle. Dr. Evans is board certified in Pediatrics, Physical Medicine and Rehabilitation and Pediatric Rehabilitation Medicine.
