

David L. Suskind, MD
Professor of Pediatrics
Division of Gastroenterology, Hepatology and Nutrition
Seattle Children's Hospital
University of Washington

David Suskind, MD, is Director of Quality Improvement and Physician Lead of *IMPROVECARENOW* at Seattle Children's Hospital, Division of Gastroenterology as well as Professor of Pediatrics at the University of Washington School of Medicine. An expert in intestinal diseases, Dr. Suskind has focused his energies into clinical care and research for patients with Inflammatory Bowel Disease (IBD). With a strong background in nutrition, he has initiated and pushed forward research into the impact of dietary therapies in IBD and has helped transform medicine's understanding of diet's role in IBD. Dr. Suskind's philosophy in health care centers on patient and family empowerment through education.
