

Renee Turchi, MD, MPH, FAAP
Chair of Pediatrics, Drexel University College of Medicine
Pediatrician in Chief St. Christopher's Hospital for Children

Dr. Turchi is the Chair of Pediatrics and Pediatrician in Chief of General Pediatrics at St. Christopher's Hospital for Children. She is Medical Director of the Center for Children and Youth with Special Health Care Needs at St. Christopher's Hospital for Children in Philadelphia, PA, a primary care practice dedicated to children with medical complexity (FASD interdisciplinary program/NICU primary care follow up program and grant funded projects focused on CYSHCN and disaster preparedness). She is the Medical Director of the PA AAP Pennsylvania Medical Home Program, a statewide program for pediatric primary care practices across Pennsylvania and Director of the Maternal Child Health Program at Drexel University Dornsife School of Public Health. Her faculty appointments include: Professor at Drexel University College of Medicine (Department of Pediatrics) and Drexel University School of Public Health (Department of Community, Health and Prevention). Her patients and families are her best teachers and biggest inspiration for her work.
