Arvin Garg, MD, MPH, is a general pediatrician and clinician-scientist at UMass Chan Medical School and UMass Memorial Health. He is Vice Chair for Health Equity and the Founding Director of the Child Health Equity Center for the Department of Pediatrics at UMass Chan. His research focuses on addressing adverse social determinants of health within the delivery of pediatric care, particularly for low-income families. He lives outside of Boston with his wife (also a pediatrician) and two daughters.
