

**Daniel Rauch, MD, FAAP, SFHM**

Professor of Pediatrics  
Hackensack Meridian School of Medicine  
Vice Chair for Community Relations  
Director, Division of Pediatric Hospital Medicine  
Director, Division of General Academic Pediatrics

Daniel A. Rauch, MD, is a national leader in Pediatric Hospital Medicine. He was the inaugural chair of the American Board of Pediatrics sub-board in Pediatric Hospital Medicine. He received certificate #1 in recognition of his contributions to the field.

His involvement in PHM spans the history of the field. He founded the Hospital Medicine Special Interest Group of the Academic Pediatric Association and has served as Chair of the AAP Section on Hospital Medicine. He is responsible for starting the annual national PHM summer meeting and the annual national PHM Fellows meeting. The journal, Hospital Pediatrics, published by the AAP, was started when he was section chair. He has held leadership roles in the AAP, APA, and Society of Hospital Medicine. He was acknowledged for his efforts in developing PHM by the Society of Hospital Medicine with their Award for Outstanding Service in Hospital Medicine in 2007, by the AAP with a Special Recognition Certificate from the Pediatrics Education Award Subcommittee in 2015, and by the PHM community with the PHM Award for Excellence in Clinical Care in 2017.

Dr. Rauch has written over 40 peer reviewed articles, authored multiple policy statements for the AAP, made over 180 national presentations, and been an invited speaker around the country and internationally. He has also edited two books: Caring for the Hospitalized Child (all 3 editions) and Challenging Cases in Pediatric Hospital Medicine.

A graduate of Wesleyan University and the Albert Einstein College of Medicine, Dr. Rauch trained in pediatrics at Albert Einstein in the Bronx and has been senior faculty at several institutions. He is currently a Professor of Pediatrics at the Hackensack Meridian School of Medicine and serves as the Vice Chair for Community Relations as well as the Division Chief of Pediatric Hospital Medicine and General Academic Pediatrics at the Joseph M Sanzari Children's Hospital at HUMC.
