RESEARCH FOUNDATION

Call for New Reviewers

Interested in serving as a reviewer for Pediatric Research? Peer review is essential to the continued success of our journal and to ensure timely constructive feedback to our authors. Every year our top reviewers receive a reward for their exemplary contributions to the peer review process!

Please read our Editorial on “[The rewards of peer-reviewing](#).”

Please email your CV to the Editorial Office at info@pedres.org or fill out the form [here](#) if you are interested in reviewing for the journal. We look forward to hearing from you!

Call for Editorial Board Members

The Editors in Chief of Pediatric Research are seeking society members that would be interested in serving on the Editorial Board as Section and Associate Editors for the journal.

Candidates must meet the following criteria:

1. Academic rank at the Associate Professor Level or higher
2. Has published more than 10 peer reviewed articles
3. Has reviewed for Pediatric Research
 - a. Alternately: has reviewed more than 10 articles (We encourage submission of your Web of Science Report)
4. Membership in APS, ESPR, or SPR preferred

We are looking for Associate Editors in the following areas: Critical Care, Endocrinology, Epigenetics, Health Services Research, and Nephrology.

We are looking for Section Editors in the following areas: Infectious Disease, Neonatal Pulmonology, and Regenerative Biology.

Please email your CV to the Editorial Office at info@pedres.org and indicate the topic area in which you are interested.
