

Rebekah Burns, MD

Associate Professor of Pediatrics
University of Washington

Rebekah Burns, MD, serves as the Director of Pediatric Medical Student Programs for the Department of Pediatrics at the University of Washington School of Medicine. She is an Associate Professor of Pediatrics and a board-certified Pediatric Emergency Medicine physician at Seattle Children's Hospital. Dr. Burns earned her Bachelor of Arts in Biology at Reed College in Portland, OR, becoming the first person in her family to attend college. She received her medical degree from the University of California- San Francisco and completed her Pediatrics residency at Lucile Packard Children's Hospital- Stanford University in Palo Alto, CA. Following this, she pursued a Pediatric Emergency Medicine Fellowship at the Ann & Robert H. Lurie Children's Hospital of Chicago. She is a leader in education, simulation, and curriculum development. In addition to overseeing clinical education for medical students, she serves as a core mentor and educator within the UWSOM teaching colleges. She has authored numerous peer-reviewed curricula and mentors others in curriculum development. She serves as an Associate Editor for MedEdPORTAL and has presented about curricular scholarship both nationally and internationally. She spearheaded the development of a comprehensive simulation-based curriculum developed through a national iterative peer review process. Her professional interests include medical student education, mentorship, and faculty development aiming to enhance teaching skills and foster a passion for education.
