

Jason Jent, PhD

Associate Professor of Clinical Pediatrics
Director of Training, Division of Clinical Psychology
Assistant Director, Mailman Center for Child Development
Department of Pediatrics
Miller School of Medicine
University of Miami

Jason Jent, PhD, is an Associate Professor of Pediatrics of Clinical Pediatrics at the University of Miami Miller School of Medicine. He currently serves as the Assistant Director of the Mailman Center for Child Development and is the Director of Training for the clinical psychology internship and postdoctoral training programs at the Mailman Center for Child Development. He completed his doctoral training at Central Michigan University and completed a T32 fellowship in health disparities in minority populations at the University of Miami in 2007. He is a licensed psychologist in Florida and joined the faculty of the Mailman Center in 2007. Dr. Jent has been a certified Parent-Child Interaction Therapy Regional Trainer since 2013. Dr. Jent's research and training specialty focuses on reducing disparities related to access and the efficiency of behavioral interventions for children's disruptive behaviors using neighborhood-based, technology-based solutions, and virtual services. As a PI or Co-I, Dr. Jent has been awarded approximately \$45 million dollars in extramural funding during his career. He is an investigator on multiple grants designed to provide evidence-based parenting and education-centered programs to young children and professional development, consultation, and coaching to teachers, allied health professionals, and other parenting program providers.
