

Carla M. Nester MD, MSA, FASN

Jean E. Robillard MD, Professor of Pediatrics

Director, Division of Pediatric Nephrology, Stead Family Children's Hospital

Associate Director, Molecular Otolaryngology and Renal Research Laboratory

University of Iowa, Carver College of Medicine

Carla M. Nester, MD, MSA, FASN, is the Jean Robillard MD, Professor of Pediatrics, and the Division Director of Pediatric Nephrology at the University of Iowa, Stead Family Children's Hospital in Iowa City, IA. Dr Nester is an Internal Medicine and Pediatric trained NIH-funded, tenured faculty member with a translational research program focusing on rare complement-mediated kidney diseases. She is the primary investigator for the University of Iowa's C3 Glomerulopathy Natural History Study, which includes one of the largest prospective cohorts of patients with C3 Glomerulopathy available to research. Finally, Dr Nester is a clinical trialist. Her Internal Medicine and Pediatric clinical practice has become a hub for bringing the new generation of anticomplement therapeutics to a rare disease population
