

Marina Reznik, MD, MS

Vice Chair for Clinical and Community-Based Research
Professor of Pediatrics
Children's Hospital at Montefiore
Albert Einstein College of Medicine
Bronx, New York, USA

Marina Reznik, MD, MS, is Vice Chair for Clinical and Community-Based Research in the Department of Pediatrics at the Children's Hospital at Montefiore and Professor of Pediatrics at Albert Einstein College of Medicine in the Bronx, NY. Her research focuses on development, implementation, and evaluation of community-, clinic-, and school-based interventions to improve health outcomes for historically marginalized children with asthma and other chronic diseases. Dr. Reznik's research has been funded by the National Institutes of Health (NIH), Agency for Healthcare Research and Quality (AHRQ), American Lung Association, New York State Health Foundation, and many private foundations. She is an author of over 90 publications in peer-reviewed journals, book chapters and editorials, and her research has been presented both nationally and internationally.
